INSTRUCTIONS

- Play UNO with standard rules for placing cards down.
- When placing a number card down, the player must refer to the list of "getting to know you" tasks
 - For example, if placing a "red 4," the player will name his "favorite flavor of ice cream."
 - If a player puts down "yellow 6," he will ask the person to his left what his favorite holiday is.
- There are 2 questions per number as there are 2 number cards per color in the deck.
- "Skip" and "Reverse" cards operate as usual and do not have a task associated with them.
- "Wild" and "Draw 4" cards operate as usual and the person placing them down gets to choose the next color.
